

CEPS Integrity Systems Project: Current Studies and Outputs, November 2007 to September 2011

Current Studies

- A typology of police misconduct: An Australian replication
- Indigenous deaths in police custody and custody-related operations
- Ethical issues in CT operations: An analysis of case studies
- Counter-terrorism related complaints from the public
- A review of surveys of complainants, police and the public about police discipline systems
- Evaluative description of the private security regulatory system in Australia
- Analysis of recent inquiries into conduct issues in the private security industry and implications for regulation
- A survey of security industry managers about regulatory issues
- The status of women police in post-Fitzgerald Queensland
- The status of women police internationally
- Corruption hazards from organised crime for police and private security
- Case studies in improvements in police conduct indicators

PhD Students

Badar Al Shaqsi, *Making public sector integrity systems work: An assessment of reactive and proactive strategies in combating public sector corruption in three Australian States* (completed)

Dae Woon Kim, *Regulation of private security in Australia*

David Aspland, *Ethical issues in public-private policing partnerships*

Ken Wooden, *Police accountability and the Macquarie Fields riots*
